

Count the animals and drag and drop the correct number in their respective boxes.

A collection of various animals arranged in a grid for counting. The animals are: 3 snakes, 4 elephants, 3 monkeys, 3 lions, 1 giraffe, and 2 frogs.

Below the grid, there are six numbered boxes for counting:

1	2	3	4	5	6
---	---	---	---	---	---

Below the numbered boxes, there are six empty boxes for the correct number, each preceded by a small icon of the animal it represents:
