Identify the name of the structure and language features (action verb, adverb, and sequential connectors) of the procedure text below.

How to Make a Fruit Salad

- 1 apple
- 1 banana
- A handful of grapes
- 1 orange
- 2 tablespoons of honey
- A knife and a mixing bowl

1. First, wash all the fruits thoroughly under running water.
2. Second, peel the banana and the orange, then slice them into small pieces.
3. Next, dice the apple into cubes, leaving the skin on if desired.
4. After that, halve the grapes and remove the seeds if necessary.
5. Combine all the fruits in a mixing bowl.
6. Finally, drizzle honey over the mixed fruits and stir gently.
7. Serve fresh and enjoy your healthy fruit salad!
