WORKSHEET

Date: 08/02/2025 Health problems	Teacher's feedbacks

Task 1:Read and choose True (T) orr False (F).

This is the Clark family. They haven't been feeling well recently and Mr

Clark has to come home early to look after them. First it was Thomas, who came home from school two days ago with a bad headache and a fever. The next morning his sister Sam woke up with a fever, sore throat, vomited a few times and told her mother she had earache. By midday, both children were very ill. They were coughing, sneezing and couldn't swallow anything. Mrs Clark spent that day looking after them making hot drinks and soup. She made sure they had a box of tissues and took the medicine Mr Clark bought them from the chemist. This morning, Mrs Clark could not get out of bed. She had bad stomach ache, a headache and a high temperature. For that reason, the three of them were all in the same bed, so Mrs Clark could keep an eye on them until Mr Clark came home from work.

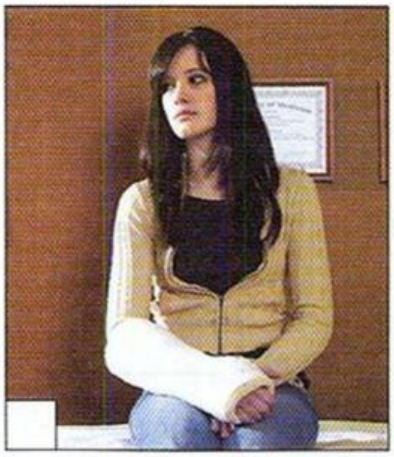

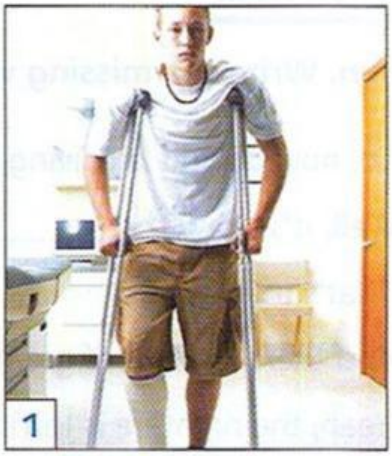

1	Most of this family have the flu.	T	F
2	Sam was first to be ill.	T	F
3	Thomas had a headache when he came home.	T	F
4	Mrs Clark was coughing.	T	F
