WINTER BREAK TALK PREPARATION

Over the winter break, you probably had some fun, relaxing, or exciting experiences! In this activity, you will prepare a short talk about your winter vacation. Follow the steps below to organize your ideas and get ready to share them with the class.

Where did you spend your winter break? (At home, traveling, visiting family, etc.)

Did you experience any funny or unexpected moments during your break?

What was your favorite moment? (A trip, a fun event, a special meal, etc.)

How did the weather affect your winter break activities?

Did you try any (new) activities or hobbies?

What is one thing you wish you had done but didn't get the chance to?

What was the most relaxing part of your break?

Did you watch any special movies or read any books during your vacation?

To make your talk more interesting, bring something related to your winter holidays !
