Recently, scientists studied how older married couples can keep their brains healthy with some mental exercises. An example of an exercise was the 'holiday memory test'. 1) First / *Next*, the couples wrote a list of all the holidays they had in their lives.

2) *Then* / *Finally*, they tried to remember details of each holiday.

3) *Lastly* / *Next*, they asked about each other's favourite memories. 4) *Finally* / *After that*, the scientists studied the information.

5) *Finally* / *Next*, they decided this exercise helped older people's memories. The couples agreed and said the memory test helped them think about the past. Many couples decided to continue the exercise at home, e.g. with memories of their children, pets and houses they lived in before.

Paul: 2 _____, it's OK. They are the best at their sport and they are a good example for young people. I don't mind that they earn a lot of money because they can only work for a short time.

Debbie: 3 _____. A lot of them think they're very important, but they just play a silly sport. There are more important things in life.

Paul: 4 _____ a lot of them work with children and give their time to help other people too. 5 _____ of that?

Debbie: Well, I agree it's a good thing. Maybe teachers should have the same pay!

9. Read the article. Decide if the sentences are true (T) or false (F). If there is no information about this, choose 'not given' (NG).

Five healthy foods that are bad for you!

1. Dried fruit

This has lots of sugar in it. People usually eat it a lot because they snack on it when they are at work. Eating half a cup of dried banana is like eating nine slices of bread. They have the same energy. Half a cup of raisins has the same sugar content as fifteen slices of bread!

2. Cereal

This is good for you before exercise like jogging or going to the gym because the sugar gives you energy. But it can be full of fat as well. One cup of cereal can have over 20 grams of fat.

3. Fruit yogurt

Yogurt with fruit also has lots of sugar. Often the fruit is in a sauce and that is full of sugar, too. But it's fine to eat it after doing sport for some extra energy.

4. Fruit juice

People think fruit juices are healthy, but this is not always true. Again, lots of them are full of sugar and don't have a lot of real fruit.

5. Nuts

These are good for you but only eat a little. Nuts have a lot of energy but also lots of fat, so it's important not to eat them all the time.

1. You shouldn't eat dried banana with bread. _____

2. Cereal has sugar in it. _____

3. Yogurt without fruit has no sugar. _____

4. Fruit juice is very good for your health. _____

5. Eating lots of nuts is a good idea. _____

10. Read the article again. Complete the sentences with one or two words from the text.

1. People like to eat dried fruit at _____.

2. There is a lot of _____ in cereal.

3. After doing exercise, you can eat _____ to have more energy.

4. Fruit juices have only a little bit of _____.

5. There is _____ and fat in nuts.
