LYRICS

ENGLISH	ITALIAN
I'm so hot, I'm so hot Check me out, check me out, I'm hot Yo, everyone I'm the sun I'm made of gas like hydrogen and helium I keep the earth warm and help to grow food I shine on the beach on guys who say 'dude!' I set into the West and on comes night And then I rise from the East with that golden light I'm so hot, so hot and …….bright 28 million degrees ……… Fahrenheit I make plants grow like trees and flowers So powerful, got that solar power Make the deserts dry, make the oceans rise Don't stare right at me, I can hurt your eyes I'm just about a million miles wide I'm so big you could fit a million earths inside I'm the centre of the solar system Can't you see, got so much gravity…….planets orbit me I'm 4,5 billion years old In Spanish everybody calls me 'Sol' When I'm not around you'll be feeling cold Yeah, I shine so bright with my rays of gold I'm so hot, so hot	

THE _____ :

You don't understand. It's hard being the center of attention. Everyone is always looking up at me...
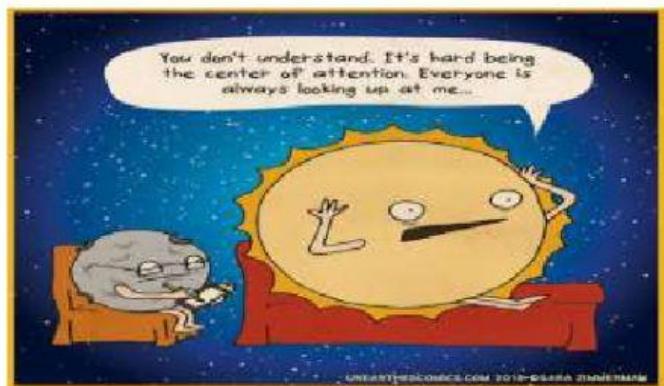

Match the pictures with the sentences from the song.

C. HYDROGEN ① HELIUM ②	E. SUNRISE (HI) SUNSET (BYE)	G.
H.	I.	J.
K.	R.	U.
