

Domestic Wastewater comes from:

- 1 Fixtures (Санитарни прибори)
- 2 Drains (Сифони)

Put the names of the fixtures under the pictures

<b>Toilet</b>	<b>bathtub</b>	<b>kitchen sink</b>	<b>bathroom sink</b>	<b>washing machine</b>	<b>dishwasher</b>
					

Fixtures are connected to the sewage system with drains (сифони) which function is to take away the wastewater .

Put the words under the pictures

<b>Bathtub drain</b>	<b>Shower floor drain</b>	<b>Bathroom sink drain</b>	<b>Kitchen sink drain</b>
