Staying healthy is important for everyone, especially for kids like you! Here are some easy tips to help you stay healthy and feel great every day.

1. **Eat a Balanced Diet:** Make sure to eat a variety of foods from all the food groups. Include fruits, vegetables, whole grains, proteins, and dairy in your meals. Try to avoid too much junk food and sugary drinks.
2. **Stay Active:** Exercise is fun and good for your body. Play sports, ride your bike, dance, or just run around with your friends. Aim for at least 60 minutes of physical activity every day.
3. **Drink Plenty of Water:** Water helps keep your body hydrated and working well. Try to drink at least 8 glasses of water a day. Avoid too many sugary drinks like soda and juice.
4. **Get Enough Sleep:** Your body needs rest to grow and stay healthy. Make sure you get 9-11 hours of sleep every night. Try to go to bed and wake up at the same time every day.
5. **Practice Good Hygiene:** Wash your hands regularly, especially before eating and after using the bathroom. Brush your teeth twice a day and take a shower or bath regularly to keep your body clean.
6. **Stay Positive:** A healthy mind is just as important as a healthy body. Spend time with friends and family, do things you enjoy, and talk about your feelings. If you're feeling sad or worried, don't be afraid to ask for help.

Write a missing word. Use ONE word only. The first one is an example.

1. It is important for everyone to stay healthy.
2. We should eat a _____ diet and healthy food to be fit and healthy.
3. We shouldn't eat too much _____ food.
