RACE AGAINST EXTINCTION: SCIENTISTS FIGHT TO SAVE RARE TURTLES!

By Quynh Nhu, March 11, 2025 | 09:06 am

In a new effort to (1) _____ wildlife, a team of scientists is working to help a rare species of turtles. These turtles are (2) _____ risk of becoming extinct due to environmental changes. (3) _____ immediate action is taken, their population will keep declining.

To ensure their survival, they are being bred in (4) _____ at a special facility. The scientists hope that if they keep some turtles in a safe environment, their numbers will increase as (5) _____ as other protected species. Once strong enough, the turtles will be released back into the wild, where they truly belong.

This method has proven (6) _____ successful than previous conservation approaches. People around the world are supporting these efforts because they understand the importance of keeping our planet's wildlife safe.
