Shopping

We all do it. Most of us love it. What about you?

Melinda, New Zealand

I don't like going to the mall because the stores are always really crowded. I buy almost everything online – from computer stuff to pizza. I love reading reviews of things before I buy them. It's addictive! I borrow my parents' credit card to pay for things and then I give them the money.

Weslawa, Poland

I go to the mall every weekend, but not because I love shopping. I usually meet friends there. I always think "I'm not going to buy anything," but I often buy some small things. I save a bit of money every week, too. Right now, it's for some concert tickets. I don't earn any money, but I get some from my parents every week.

Mark, the U.S.

I only go shopping when I have to – when I need to buy clothes or presents. Shopping is OK, but I have more interesting hobbies. Right now, I'm saving for a phone like my friend's, mine is getting slow. My parents are going to lend me some money, too. I'm going to buy it online.

Amelia, Ireland

Shopping is fun and I feel excited when I buy something. I love bargains, so, I really have to be really careful in sales. I take them home and I think "Am I really going to wear that top?" I should keep the receipts and return stuff, but I don't.
