

I don't wanna save ya, don't wanna be

Lay your love on

Let me feel like you know what to do

Leave your head, and

Leave your limitations, live and against them

Let your be free

Just let go and start up something

Save yourself, and

'Cause I know, I know, I know that what you planned out

Leave the words you've, 'cause

..... that you built up isn't what you want

Some dreams are meant to be broken

And I know, I know, I know the life you're living

Tear down all your visions, go against the feeling

Isn't that fulfilling, let me you out

Make themlike gravel to the floor

Only when the dust sets you will start to regret

All the things that you've been for
