Reading Activity – Comparing Two Brazilian Cities

- ◆ Objective: Read and understand a text comparing two cities.
- ◆ Level: A1 (Beginner)

Step 1: Read the Text

Rio de Janeiro vs. Curitiba

Brazil has many beautiful and interesting cities. Let's compare Rio de Janeiro and Curitiba!

Size and Population

Rio de Janeiro is a big and famous city. It has a population of over 6.7 million people. Curitiba is smaller, with about 1.9 million people. Rio is also bigger in size. It has 1,200 km², while Curitiba has about 435 km².

Climate

The climate in Rio de Janeiro is hot and humid. The summer is very hot, and the temperature can reach 40°C. In the winter, it is mild, with temperatures around 18°C. Curitiba has a mild and cold climate. In the winter, it can be very cold, with temperatures around 5°C or less. Sometimes, there is frost. In the summer, it is not too hot, around 25°C.

Pollution and Environment

Rio is more polluted than Curitiba because it has more traffic and more industries. Curitiba is cleaner and has a lot of parks and green spaces. Curitiba is famous for being one of the most sustainable cities in Brazil.

Cost of Living

The cost of living in Rio is higher than in Curitiba. Apartments, food, and transportation are more expensive. Curitiba is cheaper and has a good quality of life. People in Curitiba use public transport a lot, and the city is famous for its efficient bus system.

Tourist Attractions

Both cities have amazing tourist attractions. In Rio de Janeiro, you can visit:

- Christ the Redeemer  – a big statue of Jesus on a mountain.
- Copacabana Beach  – a beautiful beach with white sand.
- Sugarloaf Mountain  – a famous mountain with a great view of the city.

In Curitiba, you can visit:

- Botanical Garden  – a beautiful park with flowers and a glass greenhouse.
- Ópera de Arame  – a unique theater made of metal and glass.
- Tanguá Park  – a big park with lakes and waterfalls.
