In science class yesterday, we (1) ..... about how to be healthy. Students learned about healthy foods and exercise. Kids should eat different foods to be healthy. We (2) ..... eat lots of vegetables and fruit. We (3) ..... eat fast food and pizza. And we should (4) ..... our hands before meals. All of my classmates do that at school. Children should get lots of sleep and (5) ..... exercise, too. My teacher said we should exercise every day. In my school, all the students do exercise together at break time. We also do it in P.E. class. It's really fun and good for our health!
