***Task 1. Read the paragraph from Jay`s diary and complete the sentences.***

Yesterday's football game was so difficult! It took only an hour and a half, but it felt like twenty! A few players even got hurt! I was running when I saw the ball rolling away from the opposing team. I kicked it so hard that the goalkeeper couldn't catch it. I scored a goal! In the end, our team won the game and we got the gold cup. We felt so proud! The members of the opposing team, however, looked very angry. I understand that failure isn`t pleasant, but that doesn't mean you have to get so mad. Maybe they need more training. Anyway, I`m home and I feel exhausted. My mum has made me a cup of tea, so I`m going to drink and relax. After all, I have to get those scary faces out of my head!
