Task 2: **Complete the sentences below with the correct words from the passage.**

Why Reading Books is Important!

Reading books has many benefits. First, it helps you learn new words and improve your vocabulary. The more you read, the better you understand how to use words correctly.

Second, reading helps you become a better writer. When you read good books, you see how sentences are formed and how grammar is used properly. This makes it easier to write clearly and correctly.

Reading also helps you focus. Nowadays, many people get distracted by phones and social media. But reading a book trains your brain to concentrate for a longer time, which is useful for studying and working.

Books can also help you relax. A good story can take you to another world, making you feel happy and calm. Reading is a great way to enjoy peaceful moments and reduce stress.

Finally, reading helps you learn about the world. Books teach you about history, science, and different cultures. Even fiction stories can give you important life lessons and new ideas.

Reading is fun and useful. The more you read, the more you learn and grow!
