**PLACES TO VISIT: CHURCHILL, HOME OF POLAR BEARS**

There are no roads into Churchill, so access to this place is by rail or air. Air service is available all year round. Normally, there are three or four flights a week from Winnipeg. In addition, there are extra flights in the summer months. Trains run three times a week from Winnipeg and the journey takes two days.

If it's polar bears you are looking for, this is the place to come! Starting in the autumn, a large number of polar bears migrate from their summer places to their winter fishing grounds and their route goes directly through the town of Churchill. The summer months are when whales make their way into the Churchill River from Hudson Bay to find cooler water. Other wildlife in the area include wolves, Arctic foxes and seals.

Most visitors to Churchill stay for about three days but for visitors with a special interest, such as the bears, a five-day stay is usual. You should book rooms several months ahead, especially in summer. Hotels and bed & breakfasts get fully booked up in the polar bear season. A special place to stay is the 'Polar Inn' on the other side of the Churchill River. Here you can see the bears passing right outside your front door.

The motel and hotel dining rooms serve a good variety of dishes from regional to classic. Wild meat, such as ox meat, is on offer in some of the restaurants together with local fish, mushrooms, and wild fruit jams.
