

THE MAGIC FINGER

The girl writes a letter to a friend telling her what is happening. Put the verbs in the Simple Present or Present Continuous

Dear Mary,

Hi! How are you? I hope you are fine.

Let me tell you something that (happen) to me these days. Do you remember the Greggs? They (be) my neighbours. I (live) on a farm near them. Well, they are now half human, half ducks because of my magic finger!!

You know that I (not like) people that (hurt) animals. They usually (go) hunting and kill people so I put my magic finger on them...

I am really sorry now because I can't turn that back to normal and, in a way, I (like) them.

I (look) at them from my window right now. They (fly) in the sky at the moment.

I (feel) horrible! I (not know) what to do... What can I do to help them?

Hope to see you soon!
