Statement	True	False
In Vancouver airport, they are concerned about the security in the airport premises.		
They have implemented security measures similar to those used in Istanbul.		
Don Ehrenholz gives us an idea of what the new security measures are.		
The objective is to obstruct, as much as possible, the action of any potential terrorists.		
Other countries have also taken extraordinary security measures, but many of them only after being attacked by terrorists.		
In Moscow, the terrorists had to go through a security check to get into the airport buildings.		
In Glasgow airport, the terrorist attack caused no casualties.
