I get _____.

I can't subtract.

I can't multiply.

I can't do numbers,

Don't ask me _____!

I wish I was the greatest
mathematician in the _____.

Add all the biggest numbers,
better than any _____ or girl.

Like hundreds, and thousands,
and millions, and billions.

_____ the sad truth is...

I can't do numbers,

Numbers I can't do,

When I try to add three plus three I get _____!

I want to subtract,

I want to multiply.

But I can't do numbers...

And I don't know _____!
