

ST. PATRICKS DAY

FUNNY

ACTIVITY FOR KIDS

"Gold Hunt at the Rainbow"

Preparation:

Cut out small rainbow shapes from colored cardboard and place them around the school or house. Then, hide paper gold pots near some of the rainbows. Additionally, hide a few clover cutouts as well (printable versions can be found in the provided PDF).

How to Play:

Players are divided into two teams. They are instructed to search near the rainbows to find the hidden gold pots. However, not all rainbows have a gold pot; some may have clovers instead. Clovers do not add points. The team that collects the most gold pots wins a large pot filled with chocolate gold coins.

Materials Needed:

- Colored cardboard
- Scissors
- Paper tape
- Chocolate gold coins
