

# ST. PATRICKS DAY

## FUNNY ACTIVITY FOR KIDS

### "Gold Hunt at the Rainbow"

#### Preparation:

Cut out small rainbow shapes from colored cardboard and place them around the school or house. Then, hide paper gold pots near some of the rainbows. Additionally, hide a few clover cutouts as well (printable versions can be found in the provided PDF).

#### How to Play:

Players are divided into two teams. They are instructed to search near the rainbows to find the hidden gold pots. However, not all rainbows have a gold pot; some may have clovers instead. Clovers do not add points. The team that collects the most gold pots wins a large pot filled with chocolate gold coins.

#### Materials Needed:

- Colored cardboard
- Scissors
- Paper tape
- Chocolate gold coins
