

FORM 2025	TEST FOR UNIT 7
Test 03	ENVIRONMENTAL PROTECTION

Mark the letter A, B, C or D on your answer sheet to indicate the word whose underlined part differs from the other three in pronunciation in each of the following questions.

- Question 1.** A. release B. resident C. diverse D. ecosystem
Question 2. A. produt B. substance C. number D. include

Mark the letter A, B, C or D on your answer sheet to indicate the word that differs from the other three in the position of primary stress in each of the following questions.

- Question 3.** A. apology B. geography C. experience D. preparation
Question 4. A. coral B. dugong C. resource D. effect

Mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions.

Question 5. -- Nick: What should we do to reduce the use of clean water?

- Mi: _____.

- A. Turn off the tap tight. B. No, you shouldn't
C. Educate children how to use clean water D. I think it's easy

Question 6. The restaurant has a _____ menu that includes dishes from all over the world

- A. different B. various C. diverse D. diversity

Question 7. The teacher was correcting our papers _____ we were drawing our illustrations.

- A. though B. as soon as C. before D. while

Question 8. _____ in the area includes deer, bears, and eagles.

- A. Wildfire B. Wild life C. Wildly D. Wildlife

Question 9. An example of _____ is the forest in which all the plants and animals work to form a suitable habitat for all.

- A. habitat B. area C. ecosystem D. condition

Question 10. I will do the next task as soon _____ I have finished the first one.

- A. as B. before C. by the time D. when

Question 11. The air is naturally _____ by foreign matter such as plant pollens and dust.

- A. pollution B. polluted C. pollutant D. pollute

Question 12. _____ trees and burning forests destroy a lot of wildlife habitats.

- A. Cutting B. Reducing C. Littering D. Releasing

Read the following announcement and mark the letter A, B, C or D on your answer sheet to indicate the correct option that best fits each numbered blank from 13 to 16.

Let's Recycle!

Help us protect (13) _____ environment by recycling! Here's how:
Sort Your Waste:

- Blue Bin: Paper and cardboard.
- Green Bin: Glass and cans.
- Yellow Bin: Plastics (#1 and #2).
- Avoid (14) _____: Food waste and dirty items go in the trash.

Drop-Off Locations: Bins are located near the main entrance, cafeteria, and parking lot.
For questions, contact us (15) _____ recycle@environmentalteam.org.
Thank you for helping protect (16) _____ planet!

|-----------------------------------|--------------|------------|---------------|
| Question 13. A. the | B. a | C. an | D. no article |
| Question 14. A. to recycle | B. recycling | C. recycle | D. recycled |
| Question 15. A. at | B. in | C. on | D. of |
| Question 16. A. his | B. its | C. their | D. our |

Mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions from 17 to 18.

Question 17. Put the sentences (a-c) in the correct order, then fill in the blank to make a logical text.

Last month, I participated in a tree-planting campaign to help protect the environment.

- a. I felt proud to be part of such a meaningful event, knowing that the trees we planted would help improve air quality.
- b. First, we learned about the importance of trees in combating climate change and how they help preserve ecosystems.
- c. After the event, I made a promise to continue supporting such initiatives and encourage others to join.

- A. b - c - a B. a - c - b C. c - a - b D. b - a - c

Question 18. Choose the sentence that most appropriately ends the text (in Question 17).

- A. I feel more responsible for the planet now and will continue participating in campaigns to protect the environment.
- B. Although it was a great experience, I don't think it made much of a difference to the environment.
- C. I now believe that planting trees is the only solution to climate change.
- D. I didn't enjoy the event, so I haven't joined any other campaigns since.

Read the following announcement and mark the letter A, B, C or D on your answer sheet to indicate the correct option that best fits each numbered blank from 19 to 24.

Many species around the world are endangered, meaning they are (19)____ of disappearing forever. (20)____ is habitat destruction, which occurs when forests are cut down or when pollution harms the environment. Another reason is hunting, where animals are killed for their fur, tusks, or other body parts. Climate change also plays a role, as it affects weather patterns and makes it (21)____ for animals to find food or shelter.

Some well-known (22)____ species include the Amur leopard, Sumatran tiger, and Javan rhinoceros. (23)____ these species is crucial, as they help maintain the balance of their ecosystems. Efforts are being made to protect their habitats and (24)____ to ensure these animals survive for future generations.

- | | | | | |
|---------------------|---------------------|---------------------|--------------------|----------------------|
| Question 19. | A. at risk | B. on demand | C. in need | D. on duty |
| Question 20. | A. Once main reason | B. One main reasons | C. One main reason | D. Once main reasons |
| Question 21. | A. harder | B. easier | C. better | D. eager |
| Question 22. | A. dangerous | B. endangered | C. endanger | D. danger |
| Question 23. | A. Protect | B. Protecting | C. To protecting | D. Protected |
| Question 24. | A. stop hunting | B. hunting stop | C. stop hunt | D. stopping hunt |

Read the following announcement and mark the letter A, B, C or D on your answer sheet to indicate the sentence that is closest in meaning to the original sentence in each of the following questions.

Question 25. It's very wasteful to apply lights in almost everything at night.

- A. Apply lights in almost everything at night is very wasteful.
- B. To apply lights in almost everything at night is not wasteful.
- C. Almost everything is wasteful at night.
- D. It's interesting to apply lights in almost everything at night.

Question 26. If you don't stop swimming in that lake, you will have a rash.

- A. Unless you don't stop swimming in that lake, you will have a rash.
- B. Unless you stop swimming in that lake, you will have a rash.
- C. If you don't keep swimming in that lake, you will have a rash.
- D. Unless you keep stop swimming in that lake, you will have a rash.

Read the following announcement and mark the letter A, B, C or D on your answer sheet to indicate the sentence that is made from the given cues in each of the following questions.

Question 27. Visual/ pollution/ prevent/ us/ see/ far/ away.

- A. Visual pollution prevents us from seeing far away.
- B. Visual pollution prevents us with seeing far away.
- C. Visual pollution prevents us on seeing far away.
- D. Visual pollution prevents us of seeing far away.

Question 28. The street/ not/ look/ attractive/ because/ there/ be/ a lot of/ rubbish.

- A. The street not look attractive because there's a lot of rubbish.
- B. The street not look attractive because there're a lot of rubbish.

- C. The street doesn't look attractive because there're a lot of rubbish.
D. The street don't look attractive because there're a lot of rubbish.

Read the following sign or notice and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions.

Question 29. What does the sign say?

- A. You are allowed to climb here
B. Climbing is not suggested or recommended here
C. Climbing is encouraged and you should do it here
D. Climbing is not allowed or permitted in this area

Question 30. What time do students need to arrive at school tomorrow?

TOMORROW'S TRIP
Bus leaves school: 8:50.
Please arrive no later than 8:40.
The school gates will open at approximately 8:30.
Thank you.

- A. around 8:30
B. before 8:40
C. at 8:50
D. at 8:40

Read the following passage and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

Every year, the average temperature of the Earth's surface gets a little bit warmer. This **gradual** trend is called global warming. Warmer weather may sound nice, but global warming is something to be very concerned about.

Scientists are worried that continued warmer temperatures could damage the environment in many devastating ways. Rising temperatures might cause plants and animals to become extinct. They could melt enough polar ice to cause the levels of the sea to rise. Weather patterns could also change. There might be more droughts or serious storms with flooding. In some areas, human diseases could spread. What is causing global warming? Humans are mostly to blame. Pollution from factories and cars add toxic gases to the air. These gases rise to the earth's atmosphere. As the sun's rays warm the Earth, the gases work much like the glass in a greenhouse. They help trap the heat in the atmosphere and make the Earth grow warmer. That is why they are nicknamed "greenhouse gases".

It is our responsibility to take care of our planet. Global warming is a **serious** problem with serious consequences. If we want future generations to enjoy their time on Earth, we must act now.

Question 31. What is the main purpose of the passage?

- A. To explain the advantages of global warming
B. To discuss the causes and effects of global warming
C. To describe how greenhouse gases benefit the environment
D. To highlight how pollution improves weather patterns

Question 32. What could be one of the consequences of global warming?

- A. The Earth's temperature will become colder
- B. Plants and animals might become extinct
- C. Polar ice will grow, causing lower sea levels
- D. Human diseases will completely disappear

Question 33. How do "greenhouse gases" contribute to global warming?

- A. They block the sun's rays from entering the atmosphere.
- B. They prevent pollution from reaching the atmosphere
- C. They trap heat in the Earth's atmosphere like a greenhouse
- D. They cool the Earth's surface temperature gradually

Question 34. According to the passage, what are humans mainly responsible for?

- A. Preventing global warming
- B. Reducing the spread of human diseases
- C. Increasing plant and animal populations
- D. Adding pollution to the atmosphere

Question 35. What does the word "**gradual**" in the sentence "This gradual trend is called global warming" mean?

- A. Sudden
- B. Slow
- C. Unpredictable
- D. Unchanging

Question 36. Which word in the passage is the **OPPOSITE** of "**serious**" in the context of energy savings?

- A. Trivial
- B. Severe
- C. Critical
- D. Important

Four phrases/sentences have been removed from the text below. For each question, mark the letter A, B, C or D on your answer sheet to indicate the correct option that fits each of the numbered blanks from 37 to 40 the most.

- A. can be turned into cleaning rags
- B. Reusing items also helps reduce waste
- C. are simple ways to protect the environment
- D. Following the 3Rs can make the Earth cleaner

The 3Rs—Reduce, Reuse, and Recycle (37)____. By reducing waste, we can save natural resources and minimize pollution. For example, people can use cloth bags instead of plastic ones or buy products with less packaging.

(38)____. Instead of throwing things away, try to find new purposes for them. Old jars can be used to store food, and worn-out clothes (39)_____.

Recycling is equally important. Separating paper, glass, and plastic from regular trash ensures these materials are processed and made into new products. (40)_____ and greener for future generations.

Question 37. **Question 38.** **Question 39.** **Question 40.**
