

What's Your Nationality?

nationality = the country where you are a citizen

Most people are citizens of the country where they were born,

SO some people ask, "Where are you from?"

when they want to know your nationality.

What's your nationality? = Where are you from?

Why do people ask, "Where are you from?" when they

want to know your nationality? _____

Where are you from? _____ What's your nationality? _____

the **name** of your country **≠** the word for your **nationality**
