

Rellena la siguiente tabla, haciendo corresponder cada **órgano** con su **número**:

ÓRGANO	NÚMERO
Vena	<input type="text"/>
Pulmón	<input type="text"/>
Corazón	<input type="text"/>
Páncreas	<input type="text"/>
Estómago	<input type="text"/>
Tráquea	<input type="text"/>
Recto	<input type="text"/>
Hígado	<input type="text"/>
Colon	<input type="text"/>
Duodeno	<input type="text"/>

The diagram illustrates the human torso from a posterior perspective, showing the internal organs. Numbered lines point to specific organs: 1 points to the right lung; 2 points to the heart; 3 points to the trachea (windpipe); 4 points to the left lung; 5 points to the liver; 6 points to the stomach; 7 points to the small intestine; 8 points to the large intestine; 9 points to the rectum; and 10 points to the duodenum.
