LIVEWORKSHEETS

The image shows a video editing software interface. At the top, there's a menu bar with options like Media, Audio, Text, Stickers, Effects, Transitions, Captions, Filters, and Adjustment. Below this is a 'Player' window showing a video of a modern building. To the right of the player are control panels for 'Basic', 'Voice changer', and 'Speed'. The 'Basic' panel includes a volume slider set to -16.0dB, fade in and out controls set to 0.0s, and options for 'Normalize loudness' and 'Enhance voice', both marked as 'Pro'. On the left, there's a media library with 'Import' and 'Record' buttons, and a list of media items including 'VIDEO_DOWNLOAD_1741649126045_1741683696750.mp4'. Below the player is a timeline with a playhead at 00:00. A video clip is placed on the timeline, and below it, an audio track labeled 'Extracte d20250311-1' is visible. The bottom right corner features the 'LIVEWORKSHEETS' logo.
