

REVISION OF UNITS 7; 8

1. Look and write "cube" or "cuboid".

a)

cube

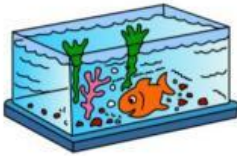

b)

c)

d)

e)

f)

2. A clock has the radius of 10cm. Find the circumference and area of the clock.

Solution:

The circumference of the clock is:

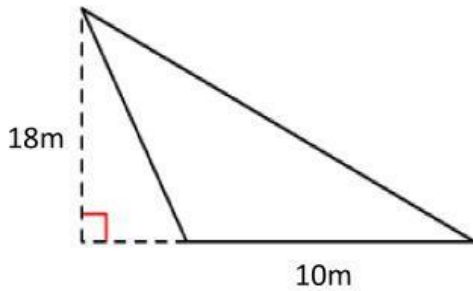

_____ = _____ (cm)

The area of the clock is:

_____ = _____ (cm²)

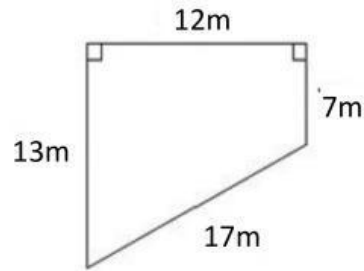

3. Find the area of the shapes.

The area of the triangle is:

_____ (m²)

The area of the trapezium is:

_____ (m²)

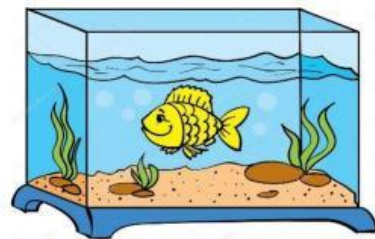

4. A fish tank has the length of 80cm, the width of 50cm and the height of 60cm. What is the volume of the fish tank?

Solution:

The volume of the fish tank is:

_____ (cm³)

Answer: _____ cm³.

5. A rabbit jumps at a speed of 10m/s in 15 seconds. What is the distance the rabbit jumps?

Solution:

The distance is:

_____ (m)

Answer: _____ m.
