8 Read the extract from a book on British culture, and use *one word only* to fill each gap in the text.

### The conquest of food in Britain

The ethnic minorities are taking over British food. And it's a good thing, too, since no one would say the British have ever <sup>1</sup> \_\_\_\_\_ famous for their cooking. We are actually famous for not being <sup>2</sup> \_\_\_\_\_ to cook at all. After hundreds of years of trying to create a national cuisine <sup>3</sup> \_\_\_\_\_ could impress the world, the British have never really got much further <sup>4</sup> \_\_\_\_\_ breakfast. In fact, other Europeans have always said that in <sup>5</sup> \_\_\_\_\_ to eat well in Britain one has to eat an English breakfast three times a day.

But times <sup>6</sup> \_\_\_\_\_ changing. Nowadays, if you turn <sup>7</sup> \_\_\_\_\_ for a meal in a British family home, you are more <sup>8</sup> \_\_\_\_\_ to be given Indian curry or a Chinese stir-fry than roast beef with Yorkshire pudding.
