Who said it?  
Draw lines from each quote to the speaker.

I tell the prosecutor everything I can remember so the person who hurt me will be punished.

I was there! In court, I will tell all I know about the crime.

I listen to the trial and write what everyone says.

I will do everything I can to keep the defendant out of jail.

It's my job to keep criminals off the streets. I will prove that the defendant broke the law.

If the jury says the defendant is guilty, I will decide on his/her punishment.

The court should be a safe place. I make sure everyone follows the rules.

They say I broke the law, but I didn't! I am innocent!

We listen to what everyone says and decide if the defendant broke the law.
