### **Lost in the Forest**

One spring day, Tom and Lily went for a walk in the forest. The sun was warm, and the trees were full of green leaves.

They walked and played, but a little later, they got lost. They did not know the way home. "We are lost!" said Lily.

Tom and Lily decided to sit under a big tree. "Let's rest here," said Tom.

Lily saw a small seed on the ground. "Look! If we plant this, it will grow into a big tree one day," she said.

Tom saw a red fruit on a branch. "We can eat this," he said. But Lily said, "Be careful! Maybe it is not good."

They heard a sound. A bee came flying near a flower. "The bee is working," said Lily. "It helps flowers grow."

Tom and Lily were tired. "Let's sleep," said Tom. They covered themselves with leaves and closed their eyes.

At night, a branch fell from a tree. It made a loud sound! Tom and Lily woke up.

In the morning, they saw a small river. They followed it and found their home.

Their parents were happy. "Next time, stay close to home!" said Mom.

Tom and Lily smiled. They had learned an important lesson.

### **The End.**

lost: galduta

rest: atseden hartu

saw: ikusi zuen

covered themselves: beraien buruak estali

fell: erori zen

close: gertu

**Choose the correct answer:**

1. Where did Tom and Lily go for a walk?
  - a) The beach
  - b) The forest
  - c) The city
  - d) The mountains
