Hi, I'm Vicky. Today my brother, Michael and I talked about our jobs in the future. My brother is good at sports. He's very strong. He also likes making things. I think he'll be a soccer player, but he would like to be a designer. He wants to design different houses, buildings and even bridges. I think it's a great job.

I like helping sick people, so Michael thinks I will be a nurse when I grow up, but I'd like to be a chemist. Because I think in the future, we need lot of new medicines to make people healthy. Chemists will make these medicines. That's what I want to do one day.
