Lulu's Problem Page

- Carla** I'm only 19 but I'm always tired and I haven't got any energy. I used to go to a gym but I'm a student so I spend most of my time sitting at my computer, and my diet is very bad. I know (1) *can't / shouldn't* eat fast food but I hate cooking! What do you (2) *advise / think* I should do?
- Lulu says** Well, you are right, you (3) *shouldn't / had better* eat fast food, it's very unhealthy! If you want to have more energy you (4) *should have / ought to* eat lots of fruit and vegetables. You (5) *mustn't / shouldn't* have stopped going to the gym! If you are more active, you'll feel better.
- Andy** I work in a factory and in the evenings I stay at home and watch TV. Sometimes I go to the cinema. Last year I joined an evening class on photography but I only went for a few weeks. Perhaps I (6) *should have / had better* kept going to it, but it wasn't very interesting. What can I do to make my life less boring?
- Lulu says** I (7) *think you shouldn't / don't think you should* stay at home all the time -- you'll never make new friends if you do that! And you (8) *ought not to / don't ought to* go to an evening class if you aren't interested in it. Instead, you (9) *should / ought to have* join a club with people who are interested in the same things as you. I know you like the cinema. Why don't you join a film club?
