Natalia, in this unit we study Simple Present and Present Continuous.

Present simple and present continuous

We use the **present simple** to talk about things in general.	***I test*** *electrical and plumbing systems.* (That's my job.) ***He designs*** *buildings.* (That's his job. He's an architect.)
We use the **present continuous** to talk about things that are happening now.	***I'm testing*** *the fire alarms.* ***He's checking*** *the stock.*
