## Our New Home and Appliances

My name is Anna. Last month, my family moved to a new house in the countryside. It's a beautiful house with a big garden. Inside, we have many new household appliances that help us every day.

In the kitchen, we have a large refrigerator. My dad puts vegetables and fruits in it. We also have a dishwasher, so we don't need to wash dishes by hand. My mom loves the electric oven because she enjoys baking cakes and cookies. I often help her.

In the living room, there is a television and a vacuum cleaner. We watch TV together in the evenings. Every Saturday morning, I clean the floor with the vacuum cleaner. It's much easier than using a broom!

In the bathroom, we have a washing machine and a hairdryer. My parents use the washing machine to wash our clothes. I use the hairdryer after I take a shower.

I think household appliances are very important. They save time and help us with everyday tasks.
