4. Read the blog and answer the questions

Hi there!
My name is Jack and I am from London, England. It is our capital city and it is famous for its busy life. People here are very active but polite and the streets are often crowded. There are many interesting places that symbolise our English culture and history - the Houses of Parliament and Big Ben, the London Eye, Trafalgar Square… A lot of tourists also come to our city to have fun at our theatres, museums, restaurants and modern clubs. There is something to see and to do for everybody in London. Personally, I like Hyde Park the most. It is big and the nature there is beautiful. I often go cycling with my friends in this park. Our favourite cafe in London is "Nandos". We really enjoy their delicious chicken wings after riding our bikes for 1-2 hours.

1.What is Jack`s native city?

_____

2. What is London famous for?

_____

3. What are people there like?

_____

4. What famous places are there in London?
