Penguins

Penguins are birds, but they cannot fly. They live in cold places like Antarctica. Penguins have black and white feathers. They use their wings to swim in the water. Penguins eat fish and small sea animals. They live in groups and take care of each other. Baby penguins are called chicks. Penguins walk in a funny way, and many people enjoy watching them.

1. Penguins are good at flying.
2. They use their wings to eat fish and small sea animals.
3. Penguins live in groups and look after each other.
4. We call baby penguins "puppies".
5. People like watching penguins because they walk in a funny way.
