

## Part 1

Please choose the right spelling for the following words that appeared in the story (only one is correct). Please also indicate how certain you are using the following scale:

1= very certain | 2 = certain | 3 = uncertain | 4 = very uncertain

For example, if you were very certain that “acklon” had appeared in the story, you would answer like this:

1. ackol      acklon      hacklon      hackol      I don't know      1 2 3 4

## Part 2:

What is the meaning of the following words? Write as much as you remember about them. Also, rate your knowledge using the same scale as before:

1= very certain | 2 = certain | 3 = uncertain | 4 = very uncertain

For example, if one of the words in the story was “acklon” and meant “family party” and you remember this meaning very well, your response might look like something like this:

Acklon: A family party ① 2 3 4

You might not remember that well the meaning of the words, but please still write anything you remember about them. For example, in the example above for “acklon” you might only remember that it was an event where people got together, but you might not be sure. In cases like this your response might look like something like this:

Acklon: an event where people got together. A kind of celebration 1 2 ③ 4

Feel free to use English or Vietnamese – whichever you prefer.
