2 Choose the correct alternatives.

The builders Cole and Sons installed our new kitchen last week. They did the work while we were on holiday, which was very ¹convenient/conversation for us. I would give Cole and Sons four stars ²out of/up to five for service. They arrived ³on/of time and they cleared up the ⁴mess/message they made. Also, they were ⁵efficient/official because they got the job done in the time they said they would. They did a better job than another builder I got to do work on my house last year. He was ⁶useful/useless and did a terrible job. Never again!

It's important to have people working in your home who you can ⁷trust/treat. I would rather have someone who is ⁸renewable/reliable than someone who is cheap. Actually, the price that Cole and Sons charged us for our kitchen was quite ⁹reasonable/reasonal!
