

1. You find a text about a girl named Rosa in a blog about teenagers from La Plata.

Rosa's Daily Routine

Rosa is 13 years old. She lives in Ensenada, a city near La Plata. She is a student at a secondary school. She usually wakes up at 6:30 in the morning. Then, she takes a shower and eats breakfast with her family. She usually eats eggs, toast, and drinks orange juice. At 7:30, Rosa leaves her house and walks to school. Her classes start at 8:00 a.m. and finish at 2:00 p.m. She enjoys science and English classes the most. After school, Rosa goes home and eats lunch. Then she does her homework. In the evening, she sometimes watches TV or plays games with her younger brother. She goes to bed at 9:30 every night.

2. You find some questions at the end of the blog but they are not in order. You decide to fix the problem.

1. she / does / what / eat / breakfast / for / ?
2. school / when / Rosa / does / go / to / ?
