

Área del cuadrado, rectángulo y triángulo

1. Calcula el área de las siguientes figuras.

Recuerda

$$A = L \times L$$

4 cm

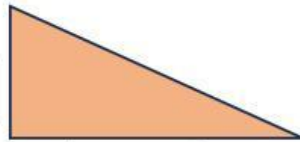

4 cm

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$

Recuerda

$$A = \frac{b \times a}{2}$$

5 cm

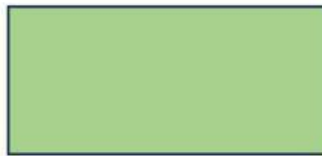

8 cm

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$

Recuerda

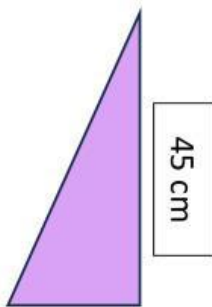

$$A = b \times a$$

3 cm

15 cm

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$

45 cm

20 cm

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$

27 cm

35 cm

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$

12 cm

12 cm

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$
