

Zoo Friends and Body Parts

Lucy and John are visiting the zoo!

Lucy look at the gate. The lion's head looks scary! He is the king of the animals.

Elephants are scarier than lions but they are slower too. They have very big bodies.

Look John! A giraffe!

Hello kids! I am Greta the giraffe. I have the longest neck here.

Wow you're so big Greta.

Hi! I'm Milo the monkey and i have the strongest arms. I climb trees everyday with my arms and hands and i'm faster than Greta.

I have longer legs than Dug and we can run together!

Everyone can do different parts with their body parts and that's okay! That is what makes us special!

Yes let's play! Having fun is what friends do!

And I am Dug the dog. I have short legs but they help me run very fast.

Lucy and I run with out two legs but you all run with four. We can all be friends and play together.

1 Who is it?

- a) has the strongest arms:
- b) has short legs:
- c) has big eyes, the longest neck:
- d) is slower than the lion:
- e) runs with two legs:
