

PM Shri K.V.R.K.Puram Sec 2

Class 2

Subject: Maths

Topic: Grouping and sharing

Rita bought 7 pencils of rupees 5 each.
How much money will she give to the
shopkeeper?

Number of pencils = 5, 6, 7

Cost of 1 pencil = 5, 6, 7

Cost of 7 pencils = $5 + 5 + 5 + 5 + 5 + 5 + 5$

$\times$ =

5, 6, 7

5, 6, 7

30, 25, 35

So, Rita will give rupees to the
shopkeeper. 30, 25, 35
