**A. READ THE TEXT FOR QUESTIONS NUMBER 1 TO 5**

Hello, everyone! Today, I want to tell you all about my school buildings and the different rooms we have. Our school is a bustling place with many exciting places to explore.

First, we have the main building, which houses most of our classrooms. When you walk through the entrance, you'll find yourself in a spacious hallway. On the left side, there are classrooms for subjects like math, science, and English. I spend a lot of time in these rooms, learning new things every day.

On the right side of the hallway, we have the art room and the music room. The art room is filled with colorful paints, brushes, and canvases. It's a place where we can let our creativity flow and create beautiful artwork. The music room, on the other hand, is where we learn to play instruments and sing together. It's always filled with joyful melodies and the sound of laughter.

If you go further down the hallway, you'll come across the library. It's a peaceful haven filled with shelves of books. I love spending time there, exploring different worlds through the pages of a book and getting lost in captivating stories.

At the end of the hallway, there's the cafeteria. It's a lively place where we gather for lunch and enjoy delicious meals together. I can't help but feel excited when I smell the aroma of freshly cooked food wafting through the air.

Beyond the main building, we have some special places too. Just behind the cafeteria, there's a gymnasium where we have physical education classes and sports events. It's a space where we can run, jump, and play different games, keeping ourselves active and healthy.

And if you walk a little further, you'll find the playground. It's a fun-filled area with swings, slides, and climbing frames. During recess, we gather here to have fun, make friends, and enjoy some outdoor activities.

That's a glimpse of our school buildings and rooms. Each one plays a special role in shaping our learning and creating wonderful memories. I'm grateful to be part of such a vibrant and welcoming school community!

**READ THE TEXT FOR QUESTIONS NUMBER 6 TO 10**

My name is Bastian. I'm a students in SMP Bintang. My school is located in Jalan Majapahit No.12 and it's beside SMA Bintang. My school is near from my house. Usually my friends and I go to school by bicycle or sometimes we walk together.

My school is large and has many rooms. My school is clean and tidy. That's why many students feel comfortable to do activities in the school. There are many kinds of plants around the school that make the air fresh and less polluted. My school has many facilities. There are many classrooms for the seventh to the ninth graders. There are also library, science lab, computer lab, and language lab. we can also find canteen, medical clinic, playground, gym, parking area, and rest room. In my school, all the students must keep the cleanliness of their class by their own. After the class finished, all students in my school always clean their classroom before they go home or continue their extracurricular activity.

My school also has many extracurricular activities such as volleyball, football, basketball, art and drawing, scout, choir, pencak silat, etc. I join the basketball and scout. The basketball is on Tuesday, Thursday, and Friday at 3.30 p.m. to 5.00 p.m. The scout is on Wednesday at 3.00 p.m. to 5.00 p.m. My favorite room in the school is the library. I really like to spend time reading books in the library. I also like borrow books that can help me for studying. I always go there everytime I have leaisure time. In the library, I usually share what I have read with the librarian because the librarian is so friendly. I really like to study in the school.
