missing

Marilyn McCrown, 30 years old

Date of birth: born January 4, 1978

Marilyn has been missing from her home in Manchester since April 9, 2006

She was last seen the night, when she left the restaurant "The Global Diner", where she worked as a waitress.

Her nationality is British though her mother is Spanish, and therefore Marilyn also speaks Spanish fluently.

Two months ago Marilyn had a miscarriage and losing her unborn child has made her very deeply depressed at times, her colleagues at the restaurant explain. She has also moved out of the apartment, where she had been living together with her fiancé for four years. On the day of her disappearance she had stayed overnight at her mother and stepfather's house situated just on the outskirts of Manchester. Her mother says that Marilyn left their house in a very good mood that morning of April 9.

Marilyn is 5 ft 2 ins tall and of a slim build. She has light brown hair and dark eyes. Marilyn has a butterfly tattoo on the back of her right shoulder, and a large scar on her lower left leg. When last seen she was wearing jeans, a lilac sweatshirt and black and white trainers. She was also carrying a black leather shoulder bag.
