Reading**5 Read and tick (✓).****Wild animals in Canada by Olivia**

Canada is a beautiful country with lots of wild animals. Foxes live on land. They are red. They eat meat. They can run and they can jump. Canada has got lots of snakes, too. They are my favourite animal. They have long bodies, but they haven't got legs. They eat insects, but they don't eat leaves. They live on land and in water. You can see lots of colourful fish in Canada. They live in water – in the Atlantic Ocean. They're amazing!
