Things to do at the Weekend

At the weekend, I enjoy doing different , but some are better than . Going hiking is one of the things to do. It's not good for your health, you can enjoy beautiful . It's than just staying at home.

Watching films is a activity. I like it , especially when I'm tired. But it's not active playing sports. Playing football with my friends is more fun and a way to spend time . It's also a good way to stay .

Going shopping is than doing sports, but I don't enjoy it too . It can be a bit if you go often. Visiting museums is , but sometimes they are too for me.

In my , hiking is the because it's **fun, healthy, and** never boring!
