

→ Put each instrument in its correct place and the name of the groups of string instruments.

 María Mateos

STRING INSTRUMENTS

The sound is produced by plucking the strings with our fingers or a plectrum. (Pulsamos con los dedos o con una púa).

The player pulls a rosined horsehair bow across the strings, causing them to vibrate. (La cuerda se frota con un arco con resina).

The sound is produced by the string being struck with a mallet or hammer (La cuerda es percutida con un martillo o maza).
