

Name: \_\_\_\_\_

**Read the text**

The Jones are a family who has a very healthy lifestyle. They all go to the gym three times a week. Mr Jones is very strong, and he plays basketball every Saturday. Mrs Jones has a true passion for water sports. Their son John is into football more, and he is in the school's football team.

Mrs Jones always cooks healthy and delicious food. She usually uses dairy products for breakfast and cooks meat with vegetables for lunch. However, for dinner she prefers lighter food like fish. The members of the Jones family often have some fruit for a snack and drink a lot of fresh water. They never eat fast food. Jane, their daughter, is only five years old, but she already helps her mother in the kitchen. She also likes cycling and rollerblading in the park whenever the weather is good.

All of the Jones' neighbours and friends are often surprised by their habits. Some of them cannot even understand how the Jones can be so busy with their work/studies and still stay so healthy. The secret is simple: the power of the desire. As they say, 'Where there is a will, there is a way.'

**Task 1. Choose 'true' or 'false'**

1. The Jones go to the gym three times a week. \_\_\_\_\_
2. Mrs Jones plays basketball. \_\_\_\_\_
