WE ♥ SPORT!

A Talia

I love volleyball. I play for my school team, but I first played volleyball on holiday. I was in Italy with my cousins and some local Italian children taught us how to play. My cousins still play volleyball and we often practise together. At the moment we're training for a big competition. We lost the last one, so I hope we'll win this time! When I'm older, I want to go to university and train to be a P.E. teacher.

B Sebastian

I love playing tennis. My first experience of it was at primary school. Now I belong to a club. A famous tennis player was a member of the club, but that was years before I joined. I usually go to the club twice a week, but I can't play at the moment. I hurt my foot last week when I was playing tennis. I often help our coach and I give lessons to beginners.

C Rowan

I really love skiing. I first skied on holiday with my family. Some people say it's a dangerous sport, but I haven't had any accidents. Luckily, I live near mountains so I can ski at the weekends. I'm going on a school skiing trip next month and I need to buy some new goggles. Once when I was skiing, I met the world number-one Olympic skier. My friends couldn't believe it!

'The Dark Forest' is a fantastic new horror film coming to cinemas later this week.

Our journalist, Dan Ashton, went to meet the young star of the film, Naomi Smith.

Is this your first film?

The first of many, I hope! People think I've done a lot of acting on TV. The truth is someone saw me on stage at my local theatre and asked me to go to the film studio. They liked my acting and asked me to be in the film.

What happened to your school work while you were making the film?

I couldn't go to school or do lots of homework as I was too busy. I really missed my school friends. The film company organised a special teacher for me and I had lessons every day. I think my parents were worried about school at first, but now they're happy that I did the film. They can't believe the good luck I've had this year!

What did you enjoy the most about making this film?

I loved it all! I really enjoyed learning how to act better. I learned so much! But probably the thing I'll remember forever is meeting my favourite actors, Joss Parker and Rosalind Knight. I also travelled to some amazing places to film different parts of the film.

Thank you, Naomi, and I look forward to seeing you in the film.
