1. **Reading Comprehension: Travel Stories**

**Variant 2: Mark's Holiday in the Mountains**

In August, Mark and his cousins spent a week in the Carpathian Mountains.

They stayed in a small wooden house near a fast river.

Every morning, they went hiking and explored forest trails.

Mark took a map and led the group through the trees.

One day, they reached a waterfall and had a picnic there.

They saw wildflowers, birds, and even a fox near the river.

In the afternoons, they played board games and told stories.

Mark wrote about his adventures in a small travel journal.

On the last night, they made a big campfire and sang songs.

Mark said he wanted to come back next year because he loved nature so much.

- True or False:
