

## A. Part I

### The World Cup

The world cup is now perhaps the largest sports event in the world. It is a worldwide soccer event that is held every four years in different countries. It was first held in Uruguay in 1930, and now it has become a global ceremony. The 18<sup>th</sup> World Cup was held in Germany in 2006, and the next World Cup is scheduled to be held in South Africa in 2010.

Every four years, millions of people from all over the world come together to see which country has the best soccer team. But it is difficult to predict which team will win the World Cup. For instance, France, which was the champion of the 16<sup>th</sup> World Cup, failed to score even one goal in the 17<sup>th</sup> World Cup. Everyone thought France would do very well because they were the champions of the last World Cup but they couldn't even win one game. That is why the World Cup is so much fun to watch. Something new happens every time.

#### Multiple Choice

Write the letter of your choice on your answer sheet

1. Where was the first World Cup held?
  - a. South Africa
  - b. Uruguay
  - c. Germany
  
2. Where will the World Cup scheduled in 2010 be held?
